# Highlights

## Instant start

Immediate light when switching on, that is the promise of the Philips instant starting energy saving LED lamps.

## No hazardous substances

Philips LED bulbs are manufactured without any hazardous materials, making them a safe and sustainable choice.

## Superior light quality

Delivers glare-free light that is easy on the eyes, so you can replace existing bulbs without sacrificing light quality.

## Designed for homes

Comfortable light spaces can be created with Philips' award-winning designs for compact and elegant bulbs.

## No UV or IR

The beam of light is free of infra-red meaning no heat is radiated, and no ultra-violet light means that fabric and items under this light won't fade.

## Change bulbs less often

Long and reliable lifespan of up to 15 years, ensuring piece of mind especially for lighting in hard to access areas. Life in years is calculated based on 1000 hours of usage per year, which is about 2.7 hours per day across 365 days.
